

Mine Maintenance Planner

Copper Mountain Mine is a large scale open pit copper mine located in south central British Columbia. The mine has evolved into a mature and highly efficient operation with a long term mine plan and significant opportunity for mine life extension. If you like to work with people in a working environment to deliver results, and you enjoy an active outdoor lifestyle with easy access to city life, this could be your opportunity.

Reporting to the Mine Maintenance Superintendent, this is a key position within the department. The primary role is for the truck shop and includes the following mobile equipment: a fleet of 830-E Komatsu haul trucks, Caterpillar 16m graders, 375 Komatsu dozers, a fleet of 260R Euclid haul trucks, a variety of service equipment and Hitachi and Caterpillar excavators. Responsibilities include daily, short and long term planning including forecasting long term component replacement with labor and materials sufficient to complete the work in the most efficient and cost effective manner. The activities will be aligned with the mine plan and other operational requirements.

Qualifications/Experience

Technical Skills and Knowledge

- Show initiative to analyze and solve problems.
- Demonstrate mechanical aptitude.
- Understanding of preventative maintenance.
- Ability to comprehend and interpret operations and repair manuals.
- Knowledge of mobile mining equipment an asset.
- Familiar with inventory control programs.
- Good computer skills and an ability to learn and adapt to new software quickly.
- Proficient in Microsoft Office software: Word and Excel.
- A working knowledge of Microsoft Project would be an asset.

Other Skills and Abilities

- Strong organizational, prioritization, and time management skills.
- Able to work efficiently and in a safe manner without supervision.
- Able to follow flexible and varied working hours as needed to accomplish the Department and Company's goals and objectives.
- Ability to work collaboratively with other team members in a positive manner.
- Possess good verbal communication skills and interpersonal skills.
- Excellent written communication skills with good spelling and grammar skills.
- Must work well in a fast-paced, dynamic environment and possess a strong work ethic.
- Previous mobile equipment planning experience is an asset.
- Diploma in Mechanical Engineering Technology, Red Seal Heavy Duty Technician or minimum 3 years planning experience in heavy industry with mobile mining equipment
