Copper Mountain Revises Terms To Equity Offering

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

VANCOUVER, BC, June 4, 2008 - Copper Mountain Mining Corporation ("CMMC" or the "Company") announces that it has amended the terms of the offering referred to in the Company's news release of May 13, 2008, in which the Company announced it had filed a preliminary prospectus in respect of an offering which is being conducted on a best efforts agency basis led by Jennings Capital Inc. and including Canaccord Capital Corporation (collectively, the "Agents"). The Company has agreed with the Agents to amend the terms of the financing to raise gross proceeds of up to \$15 million by way of issuing up to 7,142,857 units (the "Units") at a price of \$2.10 per Unit (the "Offering"). Each Unit is comprised of one common share ("Share") of the Company and one-half of one Share purchase warrant of the Company, each whole warrant ("Warrant") being transferable and exercisable to acquire one Share of the Company ("Warrant Shares") at an exercise price of \$2.50 per Share for a period of 12 months after the closing date. The shares and warrants distributed under the Offering will be qualified by way of a long form prospectus.

In consideration for the services to be rendered by the Agents under the Offering, the Agent will receive a cash commission equal to 6% of the aggregate gross proceeds of the Offering. The Agent will also receive agent warrants ("Agent's Warrants") exercisable to purchase that number of Shares that is equal to 6% of the aggregate number of Units sold under the Offering. Each Agent's Warrant will entitle the holder to acquire one Share at a price of \$2.10 for a period of 12 months from the date of closing of the Offering. In addition, the Company has agreed to grant the Agent's an over-allotment option of up to 2,380,952 Units for additional aggregate gross proceeds of up to \$5 million exercisable anytime up to 48 hours prior to closing which scheduled on or about June 12, 2008.

The Offering is subject to the Company receiving all applicable regulatory and TSX Venture Exchange approvals and completion of definitive documentation. Proceeds from the Offering will be used to advance payments for long lead items, infrastructure upgrading, advancing the exploration program at the Copper Mountain Project and for general and working capital purposes.
