COPPER MOUNTAIN ANNOUNCES MANAGER INVESTOR RELATIONS

Vancouver, British Columbia – May 11, 2015 – Copper Mountain Mining Corporation (TSX: CUM) (the “Company” or “Copper Mountain”) is pleased to announce the appointment of Betty Joy LeBlanc as Manager, Investor Relations, effective immediately.

Ms. LeBlanc has over 20 years’ experience working with Toronto Stock Exchange listed natural resource companies in the areas of investor relations, corporate communications and finance. Ms. LeBlanc will be responsible for activities involving the Company’s investor relations strategy, disseminating corporate information, communications with brokers and investors, and handling shareholder enquiries regarding the Company. She holds a BA from Brock University in Ontario and an MBA from Saint Mary’s University in Nova Scotia.

“Betty has a strong understanding of how capital markets value resource companies and extensive experience developing and executing investor relations programs to build shareholder value,” said Jim O’Rourke, Chief Executive Officer of Copper Mountain. *“As we continue to deliver our growth plan and drive operational excellence and efficiency, we welcome Betty and believe she will be of great assistance in communicating our plans to shareholders.”*

About Copper Mountain Mining Corporation:

Copper Mountain’s flagship asset is the 75% owned Copper Mountain mine located in southern British Columbia near the town of Princeton. The Company has a strategic alliance with Mitsubishi Materials Corporation who owns the remaining 25%. The Copper Mountain mine commenced production in the latter half of 2011, and has continued to improve its operations. The key development for 2014 was the installation of the secondary crusher as a permanent solution to maximize concentrator throughput and improve overall efficiencies for the company. Secondary crusher construction was completed by the end of July 2014 on budget and on schedule. The 18,000 acre site has a large resource of copper that remains open laterally and at depth. The mine has significant exploration potential that will need to be explored over the next few years to fully appreciate the property’s full development potential. Additional information is available on the Company’s web page at www.CuMtn.com.
