Lance Newman was most recently Senior Vice President, Technical Services at Brio Gold Inc. He has 30 years of experience in project management and development, concentrating, smelting and refining operations in base and precious metals. Mr. Newman has also been Vice President, Project Development at Augusta Resource Corporation and previously he held various senior technical positions in operations at Stillwater Mining Company and Gold Fields Limited. Mr. Newman holds a Bachelor of Science in Chemistry from Rhodes University and is a graduate of the Management Advancement Program at the University of Witwatersrand Graduate School of Business.

About Copper Mountain Mining Corporation:

Copper Mountain’s flagship asset is the Copper Mountain mine, located in southern British Columbia near the town of Princeton. The Company has a strategic alliance with Mitsubishi Materials Corporation who owns 25% of the mine. The Copper Mountain mine has a large resource of copper that remains open laterally and at depth. This significant exploration potential is being explored to maximize the property’s full development potential. Copper Mountain’s Cloncurry project in Queensland, Australia, includes the development-ready Eva Copper Project and an extensive exploration potential within the Company’s 379,000 hectare highly prospective land package within the Mount Isa area.
